AP - IB Credit Summary

To graduate from Haverford College, a student must complete successfully a minimum of 32 course credits. Up to a total of 4 course credits may be granted from any combination of the following:

- Advanced Placement scores of 5 (1 credit) or 4 (.5 credit);
- A maximum of 4 credits from the International Baccalaureate for higher level examinations only, with grades of 5 or above; Work in “A” levels, with a grade of B or above; A maximum of 4 credits from the French Baccalaureate, with scores of 12 or above with a coefficient of at least 5; A maximum of 4 credits from the Swiss Maturite for scores of 5 or higher; A maximum of 4 credits from the German Abitur for scores of 10 or higher;
- Approved college work before matriculation at Haverford in degree granting departments and programs;
- Approved summer work taken between academic years at Haverford.
- In all cases, scores or transcripts must be forwarded to the Office of the Registrar, Haverford College. In addition, if you wish to receive credit for approved college work before matriculation, send or bring a catalog or other course description, such as a syllabus, to the Office of the Registrar.

Students admitted as freshmen must spend at least six semesters at the College and must earn at least 24 course credits in residence. This residency requirement automatically limits the amount of credit earned at other institutions, either before or during your time at Haverford, to 8 credits overall.
